Notes:

Lietuvos Skauciu Seserija (the Girl Guides of Lithuania) was a founder member of WAGGGS, introduced in Lithuania in 1918. In 1935 the Lithuanian Scout Association was a joint structure: two separate independent Associations - the Girl Guides of Lithuania and the Boy Scouts of Lithuania - with a joint management of the Association until In 1940 they were banned. Since 1989 they have been committed to re-establishing Guiding in Lithuania. In the past 2-3 years in partnership with DDS in Denmark, LSS has seen much progress. Their programme is being updated gradually and they run their own trainings.

LSS is known in Lithuania due to their work with the community. One of these initiatives is their work, along side other organisations, helping young people with drug problems.
